**Overhead Transfer Rate Methodology and Operating Fee Schedule Methodology**

**AGENCY:** National Credit Union Administration (NCUA).

**ACTION:** Notice.

**SUMMARY:** In July 2020, the NCUA Board (Board) invited comment on the methodology used to determine the Overhead Transfer Rate (OTR). The Board also requested comment on proposed changes to the methodology it uses to determine how it apportions operating fees charged to federal credit unions (FCUs). The Board also proposed: clarifying the treatment of capital project budgets when calculating the operating fees; clarifying the treatment of miscellaneous revenues when calculating the operating fees; and modifying the approach for calculating the annual inflationary adjustments to the thresholds for the operating fee rate tiers. This final notice adopts those proposals and responds to comments on these topics as well as other subjects on which the Board sought comment in the notice.

**FOR FURTHER INFORMATION CONTACT:** James Holm, Supervisory Budget Analyst, Office of the Chief Financial Officer, at (703) 518-6570, Amy Ward or Julie Decker, Risk Officers, Office of Examination and Insurance at (703) 819-1770 or (703) 518-6384.

**SUPPLEMENTARY INFORMATION:** In July 2020, the Board issued a notice and request for comment on the OTR and operating fee methodologies.<sup>1</sup> In the notice, the Board detailed the legal background and historical and current practice for both methodologies. The notice also described how each process works within the Board’s annual budget process.

The Board applies the OTR to the NCUA’s operating budget to determine the portion of the budget that will be funded from the National Credit Union Share Insurance Fund (Share Insurance Fund). The Board described and sought comment on the current OTR methodology.

The Board also described and requested comment on three proposed changes to the methodology it uses to determine how it apportions operating fees charged to federal credit unions (FCUs). The Board uses operating fees to fund part of the NCUA’s annual budget.
