

**From February 28 to March 1, 2018, over 80 *NASA@MyLibrary* Partners (including 4 state libraries and public library staff from 49 states) gathered for intensive professional development training in Denver, CO.**

- The *NASA@MyLibrary* Partners participated in numerous discussions, demonstrations and hands-on STEM activities connecting science content to local needs
- This project is part of the SMD Science Activation program and STAR Library Network
