## National Institute of Aerospace presents NASA eClips<sup>™</sup> at the 2017 Society of Women Engineers National Conference

NASA eClips<sup>™</sup> was presented at the 2017 Society of Women Engineers (SWE) National Conference on October 26<sup>th</sup> by Stacy Dees, Outreach Program Manager from the National Institute of Aerospace. The presentation, titled "Incorporating NASA eClips<sup>™</sup> products and activities into K-12 STEM Outreach," was presented during the session "NASA Educates to Innovate: Inspiring the Next Space Pioneers, Innovators, Researchers, and Explorers (INSPIRE) Women Act" to a group of around eighty (80) women interested in conducting K-12 science, technology, engineering, and math (STEM) outreach.
