# Solar System Ambassadors Apollo 11 50<sup>th</sup> Anniversary Summer Celebrations

From June through August, 2019, Solar System Ambassadors held 821 events across the country and at US military bases and consulates overseas reaching 181,600 people directly.

## Participants engaged in a variety of activities including...

- Walking the path of the astronauts at an Apollo 11 landing site recreation in Minnesota (right)
- Having fun on a huge Lunar floor map while learning geology of the Moon at the Ramstein Air Force Base in Germany (left)
- 427 of these events took place at libraries as part of their summer reading theme, “Universe of Stories,” and in connection with NASA@ My Library
